Off-Campus Access Instructions

Off-campus access to subscription databases and electronic resources is restricted to currently enrolled students and actively employed faculty and staff of the University of New Orleans. The public is welcome to access these resources (with some exclusions) from the visitor computers in the Learning Commons on the first floor.

If you are using a commercial Internet Service Provider (Cox, BellSouth, AT&T, Charter, etc.), you will be prompted to log in using your 7-digit UNO ID number + "00" (example: 123456700) and your PIN to access the library’s databases.

To get your PIN, click on "Email My PIN." This is also available from the "My Library Record" feature in the Library Catalog.

Enter your UNO ID +00 to request that your PIN be sent to your UNO email address.
