UNIVERSITY OF NEW ORLEANS
REQUEST TO ADD A COURSE PRIOR TO APPROVAL THROUGH NORMAL CHANNELS

For extenuating circumstances, the Office of Academic Affairs may permit a new course to be added to the schedule for one semester.

This approval is granted after appropriate justification and when there is insufficient time to use the normal approval channels.

Please note that the course will be available for scheduling for one semester only – the department is responsible for submitting the Add New Course proposal form to UCCC/Graduate Council.

Justification for adding course and reasons why normal channels cannot be used. Include a statement of where the proposed course is in the curriculum review process and attach a copy of the course syllabus.

This course provides students with an overview of an important region of the world. It contributes to, Latin American Studies, International Studies and Women’s Studies. It will be offered once a year. It has been offered already as a special topics course with enrollments of around 30.

The course proposal is currently under review by the COLA committees, but we are not sure if it will be approved in time for the spring schedule and catalog. This course is part of the Latin American Studies courses offered regularly by Dr. Striffler and, in this instance, we are simply making a course that has been taught as a special topics class into a regular part of the curriculum.
