PURPOSE
To define ranks, provisions and policies governing appointments of the academic staff.

AUTHORITY
Part Two, Chapter III, Section IV of the bylaws and rules of the University of Louisiana System.

GENERAL POLICY
This policy establishes instructional classifications and sets forth procedures for faculty titles, status, tenure and appointment.

PROCEDURE
There are three types of appointments to the faculty at the University of New Orleans: tenure and tenure-track appointments, instructor appointments, and special (time-limited) appointments.

1. TENURE AND TENURE-TRACK APPOINTMENTS

   a. PROFESSOR

      Criteria: Individuals appointed or promoted to the rank of Professor shall possess all or the criteria and meet all of the standards for Associate Professor. He/she shall have demonstrated an excellence in teaching, research, and/or other scholarly activity in the subject matter area. The faculty member shall have established a commendable academic reputation through publications, extension educational outreach and service, or other creative work. Normally, the individual will have had at least five (5) years of successful service as an Associate Professor.

      Faculty Status: Professors are senior members of the faculty.

      Tenure and Appointment: Initial appointments of Professors who join the campus at that rank and their subsequent reappointments may be made for a specific term through not more than five (5) years of total service on that campus. Persons promoted to the rank of Professor after
less than five years of service on the campus may be continued to term appointment no more than the fifth year. Individuals paid from grant or contract funds do not acquire tenure through the passage of time but may become tenured only by specific individual recommendation through appropriate channels and approval by the U.L. System President. With the exceptions noted, Professors are tenured and are appointed for an indefinite period of time.

b. **LIBRARIAN**

Criteria: Minimum qualifications are the same as for Associate Librarian. In addition, this rank calls for extensive administrative experience in which responsibility and judgment of an independent nature are required. The individual should be capable of exercising the top administrative functions of the library. Librarians assist in the administration of all aspects of library service and operation and share in the formulation and execution of policy.

*Faculty Status:* The same as for Professor.

*Tenure and Appointment:* The same as for Professor.

c. **ASSOCIATE PROFESSOR**

Criteria: The individual shall meet the standards which govern appointment and promotion to the rank of Assistant Professor. In addition, he/she shall have established a consistently good reputation as a scholar and have demonstrated a high quality of productivity. Normally, the individual will have served at least three (3) years as an Assistant Professor.

*Faculty Status:* Associate Professors are senior members of the faculty.

*Tenure and Appointment:* Initial appointments of Associate Professors who join the campus at that rank and their subsequent reappointments may be made for a specific term through not more than five (5) years of total service on that campus. Persons promoted to the rank of Associate Professor after less than five years of service on the campus may be continued to term appointment no more than the fifth year. Individuals paid from grant or contract funds do not acquire tenure through the passage of time but may become tenured only by specific individual recommendation through appropriate channels and approval by the U.L. System President with the exceptions noted above. Associate Professors are tenured and are appointed for an indefinite period of time.

d. **ASSOCIATE LIBRARIAN**

Criteria: Minimum qualifications include graduation from a regionally accredited college or university, plus a degree from a library school accredited by the American Library Association, plus varied experience in college and university libraries. A graduate degree in a subject field, in addition to the graduate degree in library science, is desirable for this rank. In addition, this rank calls for proven administrative qualities of leadership, and other personal and academic qualifications should be contributing factors. The individual, as delegated by the Dean of the Library, assists in the administration or major areas of library service and contributes to the formulation and execution of an effective library program.
**Faculty Status:** The same as for Associate Professor.

**Tenure and Appointment:** The same as for Associate Professor.

e. **ASSISTANT PROFESSOR**

**Criteria:** The rank of Assistant Professor is based upon performance as well as potential. The candidate must have a strong academic record and should hold the appropriate terminal degree, usually the doctorate. There should be a clear indication that the individual is a successful teacher and researcher and is expected to qualify eventually for the rank of Associate professor.

**Faculty Status:** Assistant Professors have faculty status.

**Tenure and Appointment:** These tenure-track appointments are regular full-time appointments. They require faculty members to serve a probationary period of employment before a consideration for tenure is made. This appointment shall not include any right to permanent or continuous employment, shall not create any manner of legal right, interest, or expectancy of renewal or any other type of appointment, and shall be subject to renewal by the University during the probational period.

f. **ASSISTANT LIBRARIAN**

**Criteria:** Minimum qualifications include graduation from a regionally accredited college or university, plus a degree from a library school accredited by the American Library Association, plus varied experience in college and university libraries. A graduate degree in a subject field, in addition to the graduate degree in library science, is desirable for this rank. Individuals are under the supervision of a library administrator to supervise the work of professional and nonprofessional assistants and to aid in the development of materials and services to meet the instructional, research, and extension needs of the University.

**Faculty Status:** The same as for Assistant Professor.

**Tenure and Appointment:** The same as for Assistant Professor.

**Faculty Status:** Individuals appointed to these ranks have the same faculty status as full-time members of the faculty with equivalent rank. They may be enfranchised to the degree deemed appropriate by the faculty unit (system, campus, college, division, or department).

**Tenure and Appointment:** Faculty with these appointments are not eligible for tenure, nor does service in these ranks normally count toward fulfilling the tenure probationary period of other tenure-track ranks. Professional Practice appointments shall not include any right to permanent or continuous employment, shall not create any manner of legal right, interest, or expectancy of renewal of any type of appointment. Appointment to this title may be annual, or limited, not to exceed three (3) years per appointment and may be full-time or part-time.

As an alternative, and upon the individual recommendation of the institution president and approved by the Board, such persons at the rank of Associate Professor-Research and Professor-Research may be appointed for rolling terms of up to five years (to be specified). The contract for such rolling terms may provide for conditions related to continue funding of the grant supporting the position. Faculty members on such appointments are reviewed annually. At such annual review, a recommendation not to reappoint the Associate Professor-Research or Professor-Research is with a terminal appointment of up to five years. The faculty member is notified of a decision not to renew the appointment up to five years (specified for each individual) before the end of the appointment.
