Student Learning Outcomes/Objectives, with Any Associations and Related Measures, Targets, Findings, and Action Plans

SLO 7: Internships
Provide graduate students real-life job experiences through internships

Related Measures

M 8: Numbers of students accepted as interns
Assess annually the numbers of students accepted as interns
Source of Evidence: Administrative measure - other
Target:
10% increase annually

Other Outcomes/Objectives, with Any Associations and Related Measures, Targets, Findings, and Action Plans

O/O 1: Annual funding
Increase federal and state funding annually by 25%

Related Measures

M 1: Funding assessments
Funding levels will be assessed annually.
Source of Evidence: Administrative measure - other
Target:
25% increase in funding over the next 12 months

O/O 2: PIES national/international profile
Increase PIES national/international profile by increasing publications/presentations and impact of the publications. Numbers of presentations, reports, and publications should increase annually by 20% averaged out over the number of faculty.

Related Measures

M 2: Publications and presentations will be tallied
New publications and presentations will be tallied quarterly; numbers of citations will also be followed. Increase the number of publications in higher impact journals.
Source of Evidence: Activity volume
Target:
20% increase annually in number of publications, reports presentations, and citations per faculty members.

O/O 3: Collaborative projects
Increase collaborative projects both within and outside the University. Collaborations will be three pronged: academic, government and industrial. PIES has a long history of collaborative projects. Maintaining current level will be challenging in itself.

Related Measures

M 3: Collaborative projects will be tallied
Collaborative projects will be tallied annually
Source of Evidence: Activity volume
Target:
20% increase annually in collaborative projects. This will be assessed based on numbers of outside investigators and academic, industrial and government partners involved.

O/O 4: Increase number of graduate students
Increase numbers of Ph.D. graduate students and postdocs by 10% each year

Related Measures

M 4: Numbers will be tabulated
Numbers will be tabulated annually
Source of Evidence: Administrative measure - other
Target:
10% increase annually

O/O 5: Efficient management
Efficient management of purchasing operations
