****Transfer courses in architecture, dance, interior design or landscape architecture may be used to meet the Arts requirement.

*****No more than 60 hours required for the completion of a degree program may be transferred from a junior college.

A current menu of approved courses that satisfy general education requirements may be found at http://www.uno.edu/general-education/course-menu.aspx. There are some program-specific exceptions to this list as noted in the degree requirements of the program pursued (see appropriate section of the Catalog). A course identified as an exception may only be applied to that specific program of study. Students should consult an advisor prior to enrolling to determine whether a course satisfies the general education requirements for their particular academic degree program. See the Satisfaction of General Education Degree Requirement table for specific student scenarios.

General Education (Core) Goals - Overview

The University of New Orleans provides its undergraduate students equality of access to educational opportunities and seeks to nurture in them scholarship, academic excellence, the ability to work productively with others, and leadership for citizenship in a modern environment. The General Degree Requirements established at the founding of UNO and most recently modified by a 2010 mandate of the Board of Regents further these goals by providing a common general education for all who complete an Undergraduate Program of Study.

All students completing a baccalaureate degree attain appropriate competencies identified by the university, as follows:

1. Communication  - Students communicate effectively, both orally and in writing.
2. Collaboration   - Students participate effectively in collaborative activities and cooperative learning.
3. Critical Thinking - Students evaluate claims, arguments, evidence, and hypotheses.
4. Contextual Analysis  - Students analyze contemporary issues within the context of diverse disciplinary perspectives.
5. Quantitative Reasoning  - Students demonstrate the ability to use quantitative analysis to solve problems.
6. Information Literacy  - Students demonstrate effective use of technology to attain credible information for a
