complaints with the Family Policy Compliance Office, U.S. Department of Education concerning alleged failures by
the institution to comply with the Act.

University policy explains in detail the procedures to be used by the institution for compliance with the provisions
of the Act. Copies of the policy can be found in the following offices: Admissions, President's Office, Academic
Affairs, Office of Business Affairs, Student Affairs, Student Personnel Records, each
college/school/division/dean's office, each academic department office, and on the web at
http://academicaffairs.uno.edu/.

Questions concerning the Family Educational Rights and Privacy Act may be referred to the University Registrar.

Final Examinations

Final examinations are required and shall be held at the end of each semester/term or summer session in
accordance with the schedule issued by the Office of Academic Affairs. When final examinations are inappropriate
because of the nature of the course, exceptions to this requirement may be made upon approval of the
appropriate Dean and the Office of Academic Affairs.

Final Exam - Conflict Resolution

When a student is scheduled for three or more final examinations in one day, the student may request
rescheduling of one of the examinations through his/her Dean. If one of the exams is a group final exam, then
attempts to reschedule non-group exams should be made first. The Dean, Department Head, and faculty
member will make every effort to accommodate the student when such a request is made. Final examinations for
classes meeting at times other than those posted by The Office of the University Registrar will be scheduled
during the week of finals at a time agreed upon by the faculty member and students. The Office of the University
Registrar in conjunction with the Office of Academic Affairs are the final authority should agreements not be
reached at the departmental level.

General Education (Core) - Assessment

Educational assessment is the systematic collection, analysis, and use of data related to academic programs. The
General Education assessment package is designed to measure the extent to which students have attained those
competencies identified by the university. Data collected will be used for program improvement purposes rather
than determination of individual student progress through a program of study. Participation in assessment
activities related to general education goals is a requirement for all undergraduate students.
