have different degree designations (e.g., Bachelor of Arts, Bachelor of Science, etc.) and they:

1. Complete all requirements for both degrees,
2. Meet all quality point average and grade requirements applicable to both degrees,
3. Develop degree plans with both colleges if the two degrees being sought are in different colleges,
4. Meet the residency requirement for each degree major (typically, the last 30 or 25% of the earned credit hours must be taken at UNO – students should check with their College for specific requirements), and,
5. Students cannot declare a Minor in the area in which the other baccalaureate is being earned.

(Any student who receives a baccalaureate degree after completing the requirements for only one Major must comply with the guidelines for a second baccalaureate degree.)

**Graduation Requirements - General**

A student must meet all the requirements for a degree in one Catalog. A student is assigned their Catalog (by year) corresponding to their initial enrollment to the University. A student who breaks enrollment (either voluntary or by compulsion) is assigned a new Catalog (by year) upon re-enrollment to the University. A student may elect to change their Program of Study/Major at any time during their academic tenure; the Catalog (by year) in force at the time of the Change of Program/Major will be the Catalog (by year) used to evaluate the student for satisfactory academic progress toward degree and/or graduation requirements. Students may not change their Major, Minor, Concentration or Option in the term of their graduation.

There are several requirements which must be completed by all students prior to graduation.

The student must:

1. Complete all academic requirements for a degree based on their Catalog. This includes the General Education requirements, Other requirements, and Major requirements of the particular Program of Study in which the student is enrolled;
2. Attain a minimum Cumulative GPA of 2.0 (note: some Programs of Study require a higher minimum Cumulative GPA or a minimum GPA for the Major requirements);
3. Ascertain, through the college of the Major, that his/her academic record is accurate and complete. This should be done not later than one semester prior to graduation;
4. Submit an application to the Registrar's Office for the degree during the registration period of the last semester in residence. The student will be required to make this formal application and state the exact name to appear on the diploma;
5. Pay the diploma fee. A student who has previously paid a diploma fee, but who failed to graduate at the time expected, must re-apply and pay the diploma fee again;
6. Satisfy all assessment requirements associated with the student's Program of Study;
7. Satisfy all financial indebtedness to the University cleared prior to graduation; and,
8. Complete an exit interview for Financial Aid, if applicable.

A student who does not follow and complete the above requirements and procedures will not be allowed to graduate.

**Graduation Requirements - Residency**

For all UNO students, the last 25 percent (typically 30 hours) of all coursework must be taken in residence while enrolled in the College from which the degree is to be earned. A transfer student or a student who enters with advanced standing from another university and becomes a candidate for a bachelor's degree at UNO must fulfill a minimum residence requirement of two semesters (or four summer sessions) at UNO and must earn at least 25 percent of the credit hours required for the degree through instruction offered by the University. A minimum of 50% of the courses included in the Major requirements in a UNO Program of Study must be taken at The University of New Orleans. No credit earned at a community or junior college may be used for credit at the 3000 or 4000 course level. Additional restrictions may apply. Students should discuss their Residency Requirements with their Advisor or college Dean's Office.

**Graduation Requirements - Second or Subsequent Baccalaureate Degrees**

Students who hold a baccalaureate degree from The University of New Orleans or from a regionally accredited
