will a College accept more than 30 hours of work in this category and in all such work presented for degree credit the same requirements as to grades and quality points must be met.

Credit for Experiential Learning

The University does not evaluate experiential learning portfolios. However, for non-traditional educational programs, credit may be awarded on the basis of the successful completion of an appropriate advanced standing examination. Discretion for giving such an examination belongs to the individual academic department. In addition, formal education programs sponsored by non-collegiate organizations (business, industry, government, voluntary, and professional agencies) may be awarded credit if recommended by the American Council on Education.

Credit Limitation

Combined credit from advanced standing examinations, bypassed credit, armed services credit, correspondence/extension, and American Council on Education recommended credit work cannot exceed 30 hours.

Credit for Repeated Courses

When a student is permitted to repeat a course for credit, the last grade earned shall be the one which determines course acceptability for degree credit. A student who has earned a C or better in a course may not repeat that course unless,

1. the catalog description indicates that the course may be repeated for credit, or
2. the student's Dean gives prior approval for documented extenuating circumstances.

Credit from other institutions

Through the Office of Academic Affairs, the University Registrar and the Executive Director of Enrollment Services share responsibility for the admission of transfer students and the acceptance of transfer credit as applicable toward the degree at the University of New Orleans. The University of New Orleans transfer admission policies abide by Board of Regents Policy, the Undergraduate Catalog, the Graduate Catalog, and are posted on the Office of Undergraduate Admission and the University Registrar's website.

Undergraduate Admissions:

An undergraduate transfer applicant should request each college or university he or she has attended to send a transcript to the Office of Admissions. Upon receipt of all transcripts, the previously earned credit is reviewed and a Cumulative GPA is determined for purposes of admission. Once admission has been determined, those credits are then evaluated for application toward those courses making up the degree program of study. Additional information may be found at the following sites:

http://www.uno.edu/admissions/apply/transfer/transfercollegecredit.aspx

http://latransferdegree.org/

Office of the University Registrar:

Courses evaluated by The University of New Orleans for credit earned from regionally accredited institutions will carry the grade earned at the institution where the courses were taken if the grading system used is comparable to UNO's grading system. However, credits earned at foreign colleges and universities will carry the grade of "P". Technical and vocational credits are not accepted, credits for varsity sports, or credits from non-accredited institutions are not accepted. Transfer students should become familiar with sections of this Catalog concerning the grading system, course repeat policy, and other academic regulations.

The extent to which any transfer courses may be applied toward a degree at UNO is determined by the Academic Dean of each College. A transfer student may complete requirements for graduation in the UNO Catalog in effect at the time of initial enrollment unless the student elects to change to another curriculum or there is a break of one semester or more in attendance at UNO. If there is a break of enrollment greater than one term (excluding Summer), the student is subject to the Catalog in effect when re-entering. Students who change their Major will be subject to the Catalog in effect when the change of Major occurs.

Students who wish to transfer credits to UNO which were earned in a nontraditional manner (i.e., CLEP Subject
