Other Outcomes/Objectives, with Any Associations and Related Measures, Targets, Findings, and Action Plans

O/O 1: Produce and disseminate research projects

UNO-CHART’s research projects support its mission to assist residents, local and state officials, and communities in understanding and reducing risk to natural hazards.

Related Measures

M 1: Review of project deliverables
Review of project deliverables

Source of Evidence: Administrative measure - other

Target:
85% of project deliverables will be met per the schedule set forth in applicable funding agreements

Finding (Fall 2014) - Target: Partially Met
CHART is on task to meet this target for the 2014-15 year. Please see attached document.

Connected Document
Project Deliverables / Schedule

M 2: Review of production and dissemination of research materials
Review of production and dissemination of report, manuals, presentations, etc. (will include social media utilization rates and Scholarworks reports)

Source of Evidence: Administrative measure - other

Target:
Production and dissemination of at least 10 items

Finding (Fall 2014) - Target: Partially Met
CHART is on task to produce and disseminate at least 10 items. Please refer to attached document with current list of materials.

Connected Document
Production and Dissemination of Materials

O/O 2: Conduct research projects with multidisciplinary group

To conduct basic & applied research projects that involve a multidisciplinary group of faculty, staff & students.

Related Measures

M 3: Review of faculty/staff publications
Review of faculty/staff publications (articles, reports, book chapters, manuals, etc.).

Source of Evidence: Administrative measure - other

Target:
75% of faculty/staff will have at least two publications. 80% of students will be included in at least one publication.

Finding (Fall 2014) - Target: Partially Met
CHART is working towards this goal and hopes to achieve by end of 2014-15. Please refer to attached document for progress.

Connected Document
Faculty/Staff Publications

M 4: Percentage of projects that include multidisciplinary team
Percentage of projects that include a multidisciplinary team of affiliate faculty, staff, graduate and undergraduate students (review of project reports; PARs)

Source of Evidence: Administrative measure - other

Target:
80% of all projects

Finding (Fall 2014) - Target: Met
As of the end of 2014, CHART has met this target and will strive to continue to do so through the Spring semester. Please see attached list of project teams.

Connected Document
Multidisciplinary Project Teams

O/O 3: Increase visibility through professional/community service

Increase CHART’s visibility through participation in the activities of professional associations, community service and other professional service.

Related Measures

M 5: Tally events/presentations
Number of events attended and number of presentations made.

Source of Evidence: Administrative measure - other
Target: 80% of faculty/staff will attend at least three events and will make at least one presentation. All students will participate in at least one conference/workshop/meeting.

Finding (Fall 2014) - Target: Met
CHART has met this target for the Fall semester and will strive to continue to meet this target. Please see attached list of events/presentations.

Connected Document
Professional/community service

O/O 4: Seek funding to support CHART/university
Seek funding to support both the missions of UNO-CHART and the University.

Related Measures

M 6: Review routing forms/grant applications
Review of routing forms and grant applications.
Source of Evidence: Administrative measure - other

Target:
80% of affiliated faculty/staff will apply for at least two grants per fiscal year.

Finding (Fall 2014) - Target: Partially Met
As of Fall 2014, 75% of our faculty/staff have applied for at least two grants. We will work towards achieving this target by the end of the year. Please see attached list of grants applied for to date.
